Organisational Environment

Ballarat Hospice Care Inc. (BHCI) is a home-based palliative care service; caring for people living with a life limiting illness and supporting their family and carers in their place of residence. We are a team of specialist palliative care nurses, supportive care advisors, patient and family support volunteers and compassionate administrative staff. We work closely with GPs, local hospitals, specialist doctors, nursing and community services – all to meet the varying and individual needs of the people we care for including 24hr support and loan of equipment without direct cost to the patient or family. We also offer education to carers and patients and to health and community services and community groups. We cover the Hepburn Shire, City of Ballarat, the northern end of the Golden Plains Shire and the western end of Moorabool Shire.

Our palliative care philosophy is that death is a normal and expected part of life. The model of care incorporates physical, spiritual, social and emotional support; including grief and bereavement support for a period of 13 months, as endorsed by the *National Bereavement Standards*. BHCI is an inclusive organisation and undertakes accreditation in accordance with QIP and Rainbow \checkmark quality standards.

As an incorporated organisation we work under the Incorporations Act and hold a Service Agreement with the Department of Health Victoria. BHCI works within the frameworks of Safer Care Victoria (SCV) as the state's healthcare quality and safety improvement agency. We operate a Friends of Hospice Op Shop, which is supported by volunteers. BHCI is a flexible workplace and values investment in development of students, research and learning.
